

## Environmental, Health and Safety Policy

Fortive Corporation is committed to conducting its business in an environmentally responsible and sustainable manner, in compliance with applicable environmental, health and safety laws and regulations. Fortive is further committed to promoting and protecting the health and safety of our employees, customers, and members of our local communities worldwide.

Fortive Corporation implements this policy by integrating environmental, health and safety principles and requirements into operations through the Fortive Business System.

Fortive operates in accordance with the following principles in conducting our business:

- Compliance with applicable environmental, health and safety laws and regulations and applicable corporate and business unit policies, standards and procedures.
- Periodic, formal evaluation of our compliance.
- Integrity and accountability in personal conduct.
  - Fortive employees are expected to understand the environmental, health and safety issues associated with their jobs and to act in an environmentally responsible, sustainable and safe manner.
- Continuous improvement in EHS performance, waste minimization, prevention of pollution, promotion of sustainable practices and policies, and prevention of workplace accidents and injuries.
- Integration of sound environmental, health and safety programs and practices into applicable business functions, including procurement, product design, product testing, manufacturing, product support, service, and facilities and real-estate operations.
- Sensitivity to community concerns about environmental, health and safety issues.
